

User ID	Type of User	User Story ("As a [user type], I want to [action] so that [benefit]")
US-01	Student	As a Student, I want to view a progress dashboard, so that I can visualize my task completion rates, milestone achievements, and overall project timeline.
US-02	Student	As a Student, I want to log session notes and completed hours, so that I can submit key takeaways for my supervisor to review.
US-03	Student	As a Student, I want to set short-term and long-term learning goals, so that I can track my objectives with automated deadline reminders.
US-04	Student	As a Student, I want to upload documents, code, or reports directly to my log, so that I can receive targeted feedback from my supervisor.
US-05	Student	As a Student, I want to message my assigned supervisor directly, so that I can request reviews on specific work items.
US-06	Supervisor	As a Supervisor, I want to view a mentee performance dashboard, so that I can track individual and cohort progress metrics across all assigned mentees.
US-07	Supervisor	As a Supervisor, I want to review and approve logged session hours, so that I can verify task submissions and leave inline feedback.
US-08	Supervisor	As a Supervisor, I want to access evaluation and grading tools, so that I can provide periodic structured assessments and qualitative feedback.
US-09	Supervisor	As a Supervisor, I want to manage meeting schedules and sync calendar availability, so that I can easily book follow-up mentorship sessions with mentees.
US-10	Supervisor	As a Supervisor, I want to receive automated flagging and intervention alerts, so that I am notified when a student falls behind on progress milestones.
US-11	Coordinator	As a Coordinator, I want to generate program analytics and CHED compliance reports, so that I can export system-wide data on engagement, completion rates, and mentorship performance.
US-12	Coordinator	As a Coordinator, I want to manage pair and role assignments, so that I can match students with supervisors based on interests, fields, or project topics.
US-13	Coordinator	As a Coordinator, I want to configure curriculum milestones and standardized templates, so that I can define required log fields and program deadlines across the platform.
US-14	Coordinator	As a Coordinator, I want to manage user access and account controls, so that I can onboard new users, manage permissions, and update active user roles.
US-15	Coordinator	As a Coordinator, I want to post system announcements, so that I can broadcast platform updates, deadline extensions, and general program notices.
